

Scope of the Integrated Management System

Provision of defence systems integration and logistical support services, including maintenance, technical support, training and simulation for defence systems.

Integrated Management System Policy

KNDS do Brasil, a provider of armoured vehicle repair and maintenance services, is committed to meeting the expectations of its customers and other stakeholders, preserving the environment and providing a safe and healthy workplace through the following principles of action:

Ethics / Responsibility

- Comply with legal obligations
- Meet customer requirements
- Fulfil other commitments, including the Code of Ethics
- Act transparently in commercial processes

Quality

- Provide quality products and services that exceed customer expectations.
- Strive for zero-defect quality as an obligation for every individual, from the CEO to the young apprentice, including our partners.
- Execute processes correctly, avoiding the need to redo tasks, preventing waste of resources and, thus, eliminating unnecessary expenses.
- Continuously improve the quality management system to increase operational performance.

Environment

- Protect the environment, including the prevention of pollution and other commitments relevant to the context of the organization.
- Minimize environmental impacts arising from or associated with its processes and services.
- Increase the performance of the environmental management system.

Health & Safety

- Provide safe and healthy working conditions to prevent accidents, injuries and work-related illnesses.
- Implement health promotion programmes and regular campaigns within the company with the aim of ensuring the good health of our employees.
